INTRODUCTION

Cleveland Preparatory Academy is built on a strong foundation of high expectations for academic achievement for all students. Our mission is to allow students to become productive global citizens of the world by providing them with a high quality education which instills in them a spirit of exploration and develops them into lifelong learners. We achieve this goal in a safe environment by promoting independent thinking. Our college preparatory model stresses the importance of honesty, integrity, respect and responsibility when dealing with self, family and the community.

This Handbook was developed to answer many of the commonly asked questions that parents and students may have during the school year. It contains important information that you are responsible for knowing. Become familiar with the following information, and keep the Handbook available for reference by you and your parents. The term “parent” when used herein to discuss rights or authorizations refers to the official care-giver of a student, including but not limited to mother, father, stepparent, foster parent, grandparent, or court-appointed guardian. If you have any questions about this Handbook, please contact the Head of School. The Head of School has similar authority and responsibilities as the superintendent of schools for a local district.

ADMISSION

The School will not charge tuition. The School will not discriminate in its pupil admission policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, or any other basis. All students of the School must be residents of the State of Ohio. Admission is open to students on a statewide basis.

Applications are accepted for student admission up to the deadline date for a lottery drawing. Priority for enrollment shall be given to students that reside in the district in which the School is located, returning students and their siblings and students who are children of full-time staff members employed by the school. If on the deadline date for a lottery drawing the number of applicants per grade level exceeds the number of seats, a lottery drawing is held for those grade levels. The lottery drawing places children in order for possible enrollment into the school. As the School operates and accepts students year round, if other places become available (after the lottery), students are accepted from a prioritized wait list based on the results of the lottery or, if there is no wait list, then on a first come first serve basis. If a lottery is necessary, it shall take place at a public location. All parents of children selected in the lottery will be notified of the selection by certified mail or by telephone call. Parents will have up to seven (7) days from receipt of the certified mail to contact the School regarding their decision. If a parent does not respond within seven (7) days of receipt of the certified mail, the school will select another child from the lottery.

KINDERGARTEN ADMISSION

In order to attend kindergarten a child must be 5 years old by September 30 of the year of admission. The School may (at its option) establish an early admissions policy upon Board approval.

PROCESS AND CRITERIA

The School admits children of any race, color, religion, or sex. Furthermore, there will be no discrimination in the admission of students to the school on the basis of race, creed, color, national origin, sex or disability. For admittance the following will be required: completing and submitting the registration form and such other enrollment materials that the School deems necessary; and submitting copies of the child's birth certificate, Social Security Card, current immunization record as mandated by law, and proof of residence.

STUDENT RESPONSIBILITIES

- Respect for the rights of others
- Obedience to School authority
- Compliance with the rules and regulations of the School
- Respectful behavior in their speech and actions
- Individuals must not threaten or harass others
- Not to cause or encourage threatening or harassment of others
- Individuals must maintain behavior, including dress, vocalization, and other actions, which allows others to learn
- Individuals must obtain permission before taking and/or utilizing the property of others

STUDENT RIGHTS

- All individuals are deserving of respect and acceptance
- Students have a right to a learning environment free from physical and verbal threats and harassment
- Students have a right to learn free from excessive distractions
- Students have a right to the ownership, possession, and respect of their property
- Students have a right and are encouraged to ask questions when they do not understand as long as the questions are presented respectfully and are appropriate for the setting
- Students have a right to disagree with statements and policies affecting them as long as the students' positions are stated respectfully and in a way which does not disrupt the functioning of the class
- Students have a right to obtain an explanation of rules and expected behavior before they are accused of breaking the rules

UNIFORM AND DRESS CODE POLICY

While fashion changes, the reason for being in school does not. School is a place of learning and students should dress accordingly. The purposes of the dress code are to enhance the learning environment by promoting school safety and good behavior and to avoid discipline problems related to the peer pressure of indulging in the latest fashion trends.

The staff and administration insist that students wear their uniforms properly. **This includes tucking shirts in. Parents and students are equally responsible for the appearance of the student.**

School uniforms are to be worn daily except on picture days (when indicated) or other special event days. Uniform specifics are described on the following pages. Extreme variance in student attire will not be allowed. This includes tying shirts, sagging pants, shirt tails un-tucked, shirts of another color under the uniform shirt and any other variances the administration deems inappropriate. **In addition, jackets, hoodies and pullovers are not permitted to be worn inside the School building during School hours.**

GENERAL GUIDELINES

In addition to the specifics of the policy on the following pages, these general guidelines are to be followed on a daily basis. Final decisions on what is acceptable are made by the administration. Specific exceptions may be given by the administration for certain occasions.

- All clothing must fit neatly and be clean.
- Tops must be long enough to be tucked into bottoms, including when arms are raised overhead as well as when seated.
- Skirts, skorts and shorts should be fingertip length or longer (no more than three inches above the kneecap).
- No writing, pictures or embellishments on any clothing.
- Footwear must be worn at all times and adequately secure to the foot. No sandals, flip flops, slides, or any shoe that exposes the toes or heel.
- Students are encouraged to leave expensive clothing or accessories at home. The School is not responsible for items which are lost, stolen or damaged.
- Athletic shoes may be worn but must conform to all dress code guidelines (black, brown, navy or white)

Clothing or appearance that is NOT acceptable includes the following:

- Plunging necklines (no exposed cleavage or midriffs)
- Any clothing, jewelry (including beads and mardi gras necklaces) or other item which identifies a student as a member of a gang
- Rolled or pulled up pant leg(s)
- Denim material jeans
- Over-sized clothing, saggy or baggy pants
- Form fitting or hipster pants
- Any material that is sheer or lightweight enough to see through
- Over-sized or “noisy” jewelry (such as bangles)
- Mouth jewelry

Please review the dress code policy carefully. We will strictly enforce the dress code as well as the consequences for not adhering to the dress code. Parents will be notified by phone and provided written notification when their child is out of dress code. The parent must bring a change of clothing to the school. **THE STUDENT WILL MISS OUT ON LEARNING BY BEING REMOVED FROM THE CLASSROOM UNTIL HE/SHE IS IN DRESS CODE.** Failure to abide by the dress code is a violation of the school’s Code of Conduct. Continued disregard of the dress code policy may be grounds for suspension.

DRESS CODE

All students are expected to come to school in clean and properly fitting uniforms with their hair styled neatly and with proper hygiene. Daily personal grooming is important. Pride in one's appearance is the first step in gaining self-esteem and confidence. Moreover, limiting distractions associated with inappropriate or unusual dress and personal style promotes a positive learning environment. Parents will be contacted if a student is out of uniform or comes to school poorly groomed.

The student dress code is an important part of the school program and philosophy. In making the choice to attend the School, the student (with parent support) agrees to follow all dress code requirements. Not choosing to follow the dress code may lead to suspension or expulsion.

The teacher and instructional aide are the prime enforcers of this policy. Occasionally, the building Head of School may have a building "dress-down" day when students and staff may dress down (in reasonable fashion).

The student dress code is as follows:

Boys and Girls Physical Education Class Dress Code

All grades:

- Tennis shoes must be worn on scheduled physical education days.

GENERAL POLICY OF PARENT INVOLVEMENT

The School expects parents of students to be actively involved in the student’s education. In order for our faculty and staff to effectively educate our children, we welcome our parents as partners. Parents are strongly encouraged to participate in a variety of activities and forums which will support our students academically and add to the vitality of our school.

A status review is a formally scheduled conversation between faculty and parents in order to discuss the student’s development and progress. Parents will be required to confer with faculty about their child’s/children’s social and academic achievement on a regular basis as scheduled by the School on the School calendar. Parents should attend status reviews in order to receive written report cards. As well, the School encourages parents to initiate conferences about their questions and concerns with the Head of School or his/her designee and/or faculty members.

School hours are: 7:30 am – Doors open to all students
 7:30 – 7:55 – Breakfast
 8:00 – School Day Begins
 3:30 – Dismissal grades K-8

Arrival Procedures

Students should use the side entrance of the building upon arrival until 8:00 a.m. After 8:00 a.m. all students should enter through the front entrance. Upon entering the school all students are to go to the cafeteria and be seated according to grade level. If students are there for breakfast, students will be called by grade level or table to be served. Students are not allowed to leave the cafeteria unless they have a pass from one of the morning monitors. Students are to remain in the cafeteria until the classroom teacher picks them up.

Dismissal Procedures. All of our students are dismissed from the School from the side entrance of the building. Since we are entering and exiting a significant number of students, we

ask that parents and friends wait **away from** the immediate area in front of these doors. For car pick-ups, as space is limited, please stop in the rear of the building, as not to obstruct the flow of traffic. Parents please **respect the area designated for student arrival and dismissal**. Picking up your child in the parking lot area can be dangerous. No student should be in the parking lot area unless accompanied by an adult. It is an extreme safety hazard for students to be walking or running across the parking lot area. Your total cooperation is appreciated.

VISITATION TO SCHOOL

We welcome parents to the School. However, for the safety of all our children, all visitors must report directly to the office. No parent or visitor is permitted to go directly to any classroom. **No exceptions**. Violators of this policy are subject to prosecution. Teachers are instructed not to talk with any visitor to the classroom who has not first obtained a visitors pass from the office. After the first two days of class we require that all of our students walk to their classroom on their own. We have staff in the hallways to assist any student that needs extra help after the first few times. Parents that cause a disruption of the educational environment or present a risk to the safety or well-being of the School's students and/or staff may be excluded from the School facility at the discretion of the Head of School.

ATTENDANCE

Students enrolled in the School must attend School regularly in accordance with the laws of the State. The educational program offered by the School is predicated upon the presence and punctuality of the student and requires continuity of instruction and classroom participation. A parent must contact the School if the student will not be in attendance. Attendance is required of all students enrolled at the School during the days and hours that the School is in session. Attendance need not always be within the School facilities, but a student will be considered to be in attendance if present at any place where School is in session by authority of the Board.

EXCUSED ABSENCES

Absences due to the following will be excused:

- Personal illness such as to prevent attendance at School.
- Illness in the family if student is age fourteen or older.
- Quarantine of the home(limited to the length of quarantine as determined by the proper health officials).
- Death in the family.
- Observance of religious holidays.
- Court subpoena.
- Medical or Dental appointments.
- Absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status.
- Absences due to a student being homeless.
- Necessary work at home due to absence of parents/guardians.
- Instruction at home from a person qualified to teach the branches of education in which instruction is required.
- An emergency or set of circumstances which in the judgment of the Head of School constitutes a good and sufficient cause for absence.

Absences for any other reasons other than those cited above will be considered unexcused.

REPORTING AN ABSENCE

Our attendance policy requires that the parent/guardian must report the child's absence to the office. We have voicemail that will take messages. After the recorded message please leave your name (relationship to the child), your child's name, grade, room number and the reason for the absence. All of our attendance is computerized. By 9:30 AM each day we have already recorded your child's attendance for the day.

Excused absence simply means the parent has verified that the child's absence was for a legitimate reason (as listed above). In order for the child to obtain recognition for **perfect attendance**, the child must be present in school and on time every day, no exceptions.

Whenever any student fails to report to school and no indication has been received by school personnel that the student's parent is aware of and supports the student's absence (unexcused absence), a reasonable effort to notify the parent by telephone to obtain an explanation for the student's absences shall be made by the Head of School's designee(s), or volunteers within 120 minutes from start of the school day.

TARDINESS

It is very important that children arrive on time for school. Children who arrive late cause a disruption to the class in progress and are themselves at an educational disadvantage. In addition, **those who frequently arrive late, give the impression that the business of education is not a top priority.** It is vital that parents model the importance of arriving on time for school. Late arrival will be counted towards student attendance.

STUDENTS EARLY RELEASE

When parents wish to have their child/children released from school before dismissal, the parent must come to the office to sign the child out from class. We require the adult to show a photo I.D. to the office staff at the time of pick-up. This is for the safety and security of our students. We will then call the child/children to the office to meet the parent/adult. We cannot release any child to an adult who is not the custodial parent or who is not listed on the student enrollment form in the office. Teachers are instructed to never release a child directly from the classroom. At no time will we allow any student to walk home unattended during the school day. Early release **will** be counted toward student attendance.

TRUANCY

A student is habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or seventy-two (72) or more hours in one (1) school year. Regarding "habitual" truants, the School will establish an absence intervention team which will develop an absence intervention plan for the student. If the student fails to follow the plan, the School may file a complaint in juvenile court jointly against the child and the parent. The complaint must state that the child is an "unruly child" by virtue of being a "habitual truant".

The Head of School or his/her designee is also authorized to establish a parent education program for parents of students who are truant and that have failed to cause the student's attendance. Any parent assigned to the program who does not complete the program is to be reported to law enforcement authorities.

MANDATORY WITHDRAWAL

Ohio law requires the withdrawal of any student who, without legitimate excuse, fails to participate in 72 consecutive hours of learning opportunities during any academic year.

MAKE UP WORK

When a student is absent from school more than 1 day, a parent can call the office with a request for the work that the student has missed. **Teachers need a 24 hour notice to have this work ready.** It will be sent to the office for the parent to pick up. All completed work should then be returned to the teacher as soon as possible for grading (approx. 2 days). If you know that your child will be absent an extended number of days, please call ahead (24 hours) to request the work.

PUBLIC AREAS: CAFETERIA, HALLWAYS, STAIRWELLS AND BATHROOMS

The public areas at the School are areas used by all members of our school community. It is therefore important that we adhere to school-wide procedures on how to move within and utilize the specified areas. The following procedures are school-wide expectations that every student must follow.

LUNCHROOM

The School operates a closed campus and all children Grade K – 8 eat lunch at school. Students may either purchase lunch at school or bring their own. We ask that candy, pop/carbonated beverages, and glass containers not be sent for lunch. Many students qualify for free and reduced lunches due to family income and family size. Information on prices, free and reduced, lunch eligibility and applications are sent home at the beginning of the school year and are available in the office at any time during the year if the family status changes. The Federal Government determines the eligibility criterion and failure to provide income verification (if requested) may result in termination of benefits. Lunch rules are basic:

- stand quietly in line waiting to get your lunch
- use common courtesy when you go through the line
- once you have your lunch, stay in your seat
- talk quietly to those seated around you
- raise your hand when you are finished, a staff member will let you throw out your trash

HALLWAY PROCEDURES

- Walk slowly and quietly on the right side of the hallway
- Respect others and their property by keeping hands, feet and objects to yourself
- Stay off of the walls

CLASS CHANGE PROCEDURES

- Use time wisely
- Exit class quickly
- Have all needed materials
- Enter class quietly
- Follow specific classroom entry procedures

RESTROOM PROCEDURES

- Be Quick
- Be Clean
- Be Quiet
- Be Courteous

LEAVING CLASS DURING CLASS TIME PROCEDURES

- Restroom – Must have a pass from the teacher
- Office – Must have a written explanation by the teacher explaining why the student is there
- Specials- If a student is to be dismissed from class early, classroom teacher needs to be notified

ASSEMBLY PROCEDURES

- Enter Area Quietly
- Sit in assigned grade area
- Act appropriately and be respectful
- Use active listening
- Exit quietly when instructed

FIRE DRILLS, WEATHER RELATED DRILLS/WARNINGS AND HEALTH AND SAFETY EMERGENCY EXPECTATIONS

Students will not talk, run, laugh or joke around in any way. Students are to follow the instructions of the classroom teacher, Head of School or his/her designee in the event of a health or safety issue. Students are to remain with their class or designated adult until the “all clear” is given to return back to the learning environment. This is a safety issue and the procedures are to ensure the safety of all individuals in the building. If a student does not follow the directions he/she will be subject to disciplinary action.

SCHOOL DELAY AND CLOSING

In the event of inclement weather, school delays and closings will be reported to all local television stations (Fox 8 & NBC Channel 3) and the School’s name will appear as Cleveland Preparatory Academy. In the event of a two hour or longer delay, breakfast will not be served. Please refrain from calling the School to ascertain whether the School will be closed or delayed. Cleveland Preparatory Academy will be closed due to inclement weather whenever Cleveland Municipal School District is closed.

CRISIS MANAGEMENT

A school wide Safety/Crisis Plan has been developed and provided to school personnel for assisting and responding to various crisis/emergency situations. In the event of a manmade or natural crisis, your cooperation is needed. Staff is trained to move students to a designated evacuation site. PLEASE DO NOT CALL THE SCHOOL DIRECTLY. Calling the school may limit the availability of telephone lines needed to access emergency rescue services. Initial notification to Parents will be through local television and radio stations. Once students are secure and safe, school personnel will contact parents with sign out procedures through an all

call system via PowerSchool. Students will only be released to parents or individuals listed on their emergency contact forms.

PROMOTION AND RETENTION

The Board recognizes that the personal, social, physical, and educational growth of children will vary, and that they should be placed in the educational setting most appropriate for their needs at the various stages of their growth. Each student will be moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development.

Decisions on the promotion and retention of students in a grade are based on documented instructional objectives, performance standards, and promotion criteria. The School shall develop and maintain instructional objectives, performance standards, and promotion criteria for each grade level in the School. Parent(s) and students shall be made aware of the instructional objectives, performance standards, and promotion criteria. Periodically during the year teachers shall provide written progress and grade reports. Teachers will also provide evaluation reports to parents and students during teacher-parent conferences. The grading system used to measure student progress toward achieving the predetermined instructional objectives and performance standards is applied consistently throughout the School. The Regional Vice President, after consultation with staff and parents, has the authority to make the final decision relative to the promotion or retention of a student.

Promotion of a student from one grade to the next shall depend on that individual student's having met applicable promotion criteria. The decision to promote a student shall rest solely with the Regional Vice President, with appropriate input from the student's teacher(s), the professional staff, and parent(s).

GRADING SYSTEM

The School uses a 10 point grading system:

90-100 A 80-89 B 70-79 C 60-69 D 59 and below F

RETENTION

A student is required to be retained if he/she is truant for 10% or more of the required school days and has failed at least two (2) of the required curriculum subject areas.

Additionally, a student shall not be promoted or allowed to pass to a higher grade or course level if the student fails to meet established standards for a particular grade or course level.

Retention and/or placement decisions will be made only after the School notifies and confers with parent(s) as to the student's progress or lack thereof.

Teachers and the Head of School will consider at least the following factors in arriving at decisions on promotion or retention (factors are applicable in all grade levels):

- The student's level of academic aptitude and achievement;
- The student's level of social and emotional development and the student's ability to effectively interact with other students in his/her current grade level;
- The student's attendance patterns (absences, tardies, early checkout, excused, or unexcused) and its effect on the student's progress;

- Any other factors thought to be appropriate by the Head of School, teacher(s), and professional staff.
- Except as may be required by the Third Grade Reading Guarantee, the School will not utilize a student's failure to attain a specified score on any statewide achievement tests as a factor in any decision to deny a student's promotion to a higher grade level, except that the School may use a student's failure to attain a score in at least the proficient range as a factor in deciding to deny a student's promotion to the next level on the student achievement assessments established from time to time by the State Board of Education.
- The School may choose not to promote a Student to the next grade level, who does not take a required statewide achievement test or make-up test, and who is not exempt from the requirement to take such test.

Children with Special Needs:

Promotion and retention of previously identified disabled students shall be subject to the factors and policy above, but shall also consider the contents of the student's individualized educational plan (IEP).

HOMEWORK POLICY

Because education is a lifelong process which extends beyond the School, it is important that students recognize that learning occurs in the home and in the community. Homework is one means of teaching the necessary skills of independent study and learning outside the School. A definition of homework would include not only written work, but also related activities such as viewing specific television programs, news reporting, reading and other activities which are related to classroom work, but which are assigned to be done at home.

REASONS FOR HOMEWORK

- To complete work started in class
- To expand and enrich regular class work
- To build interest in reading and learning
- To make up work missed due to absence
- To encourage parents' awareness of student learning
- To provide an opportunity to pursue special interests or abilities
- To increase learning time
- To establish independent study skills
- To increase critical thinking skills
- Studying for tests

Parents can support a child's interest in lifelong learning by encouraging good study habits and providing a learning environment in the home.

- Provide a quiet, well-lit place for the student to do homework.
- Help your child budget time so that a regular schedule for study is provided.
- Take an active part in what your child is doing in school.
- Encourage and guide your child with assigned homework. **Under no circumstances should you do the work for your child.**

- Encourage your child to seek additional help from the teacher if there is any difficulty with the assignment.
- Support and reward regular school attendance. Contact the school in case of prolonged absence.
- Request a conference with the teacher as soon as problems arise.

RECORDS UPON ENROLLMENT

Newly enrolled student records:

- Upon receipt of completed enrollment forms, a request for records will be made within twenty-four hours to the public or non-public elementary or secondary school the pupil most recently attended.
- If the records are not received within 5 business days, a second request will be made and the Head of School or his/her designee will contact the school directly.
- If the records are not received within 14 days of the date of request, or if the pupil does not present any one of the following: (1) a certification of birth; (2) a passport or attested transcript of a passport filed with a registrar of passports at a point of entry of the United States showing the date and place of birth of the child; (3) an attested transcript of the certificate of birth; (4) an attested transcript of the certificate of baptism or other religious record showing the date and place of birth of the child; or (5) an attested transcript of a hospital record showing the date and place of birth of the child, the Head of School will contact the school directly, then his/her designee will notify the law enforcement agency having jurisdiction in the area where the pupil resides of this fact and of the possibility that the pupil may be a missing child.

MISSING CHILD POLICY

The School shall notify a student's parent(s) who is the residential parent, custodian, guardian, or legal custodian or any other person responsible for the student within a reasonable time after the determination that the student is absent from school. The student's parent(s), who is the residential parent and custodian, guardian, or legal custodian or any other person responsible for the student shall provide to the School a current address and telephone number at which said person or persons can receive notice that the student is absent from School.

The School shall make available to parents and community members in the School's office copies of informational materials acquired or prepared of the Ohio Attorney General's Missing Children Clearinghouse.

ADMINISTERING MEDICINE TO STUDENTS

Students needing medication are encouraged to receive such medication at home. If necessary for the School to administer any prescription or non-prescription medication the School will only do so after receiving a written request, signed by the parent or guardian, that the medication be administered to the student. In addition, the School will not administer any medication unless it also receives a signed prescriber/physician approval containing the information listed below. The person authorized to administer the medication must receive the medication in the container in which it was dispensed by the prescriber or licensed pharmacist.

Per the Ohio Revised Code students are permitted to possess and use a metered dose or dry powder asthma inhaler to alleviate or prevent asthmatic symptoms. In addition, students are permitted to carry and use an epinephrine injector to treat anaphylaxis (an intense allergic reaction) aka Epi-Pen. Written approval must be obtained from the Student's physician, and, if the Student is a minor, from the Student's Parent. New authorization forms must be submitted at the beginning of each school year. The parent/guardian agrees to submit a revised statement signed by the parent/guardian and physician if any of the information originally provided to the school changes.

The prescriber/physician's written approval must include the following information:

- The name and address of the Student;
- The School and class in which the Student is enrolled;
- The name and dose of the medication to be administered and/or contained in the inhaler or auto injector;
- The times and intervals at which each dosage of the drug is to be administered (if applicable);
- The circumstances in which the auto injector should be used (if applicable);
- The date the administration of the drug is to begin;
- The date the administration of the drug is to cease (if applicable);
- Acknowledgement that the prescriber has determined that the Student is capable of possessing and using the auto injector appropriately and has provided the Student with training in the proper use of the auto injector (if applicable);
- Any severe adverse reactions that should be reported to the prescriber and one or more phone numbers at which the prescriber can be reached in an emergency as well as one or more phone numbers at which the Parent, Guardian or other person having care or charge of the Student can be reached in an emergency;
- Special instructions for administration of the drug;
- Written instructions outlining procedures school employees should follow in the event the Student is unable to administer the medication via the inhaler or auto injector or the medication does not provide adequate relief;
- A list of adverse reactions that may occur to a child for whom the medication was not intended who uses the medication; and
- And any other special instructions.

The School must have the above stated documentation provided by the prescriber/physician and Parent or Guardian if the Student is a minor in order to allow a student to use an asthma inhaler or epinephrine auto injector. The Parent/Guardian agrees to submit a revised statement signed by the parent/guardian and physician if any of the information originally provided to the school changes. Parents/Guardians are responsible for keeping a record of the amount of medication at school and for sending more when needed.

The School has adopted a separate policy regarding the care of diabetic students. If a student is diabetic the student/Parent should notify the Head of School.

FOOD ALLERGY ACTION PLAN

If a student has a serious food allergy, the student and his guardian must complete a Food Allergy Action Plan, available in the school office.

EMERGENCY MEDICAL FORMS

Within your enrollment packet there is an emergency medical authorization form. Please make sure that you have filled it out **completely and carefully**. This form is kept in the office in the event of an emergency and we are unable to reach the parent/guardian. Copies will also be given to teachers to take with them on field trips which require them to be away from school. We **must** have these on file and no child will be permitted to participate in a field trip unless we have the completed information. As information changes throughout the year, we request that parents inform the office so that appropriate changes may be made on this **very important form**.

IMMUNIZATION

Your child must meet county and state health regulations for entrance to school. The school checks health records each year and will supply you with an immunization request form for necessary immunizations that your child needs. Students that have not presented written evidence confirming that the minimum immunization requirements have been met shall be excluded from School on the fifteenth day of the school year. Written statements of objection to immunizations due to parent's or guardian's religious reason are filed in the student's health folders.

A pupil is also exempt if they present a physician's statement that immunization is medically contraindicated. A signed statement of history of measles or mumps may be substituted for the measles or mumps vaccinations. However, a history of rubella may not be substituted for rubella vaccine.

The Ohio Department of Health minimum immunization requirements can be accessed at the following website: <https://www.odh.ohio.gov>.

HEALTH SCREENINGS

All kindergarten, first, third, fifth, and seventh (vision only) graders will be screened for adequate vision and hearing. Referral forms will be mailed to parents when further evaluation by a physician is recommended. By November 1st, students enrolled for the first time in either kindergarten or first grade must be given a vision screening.

HEAD LICE/BED BUGS

If your child/children are found to have head lice in their hair or bed bugs, they must be excluded from school until treatment is followed. This involves treating the hair or skin, other infected family members and the home (furniture, carpeting, bedding, stuffed toys, etc.). Your cooperation in treating this condition is greatly appreciated. Treating head lice takes a maximum of two days. A longer absence than 2 days for this reason is considered excessive.

Administration reserves the right to request proof of extermination, medical documentation or other pertinent information that will ensure that the school maintains a healthy environment.

NON-CUSTODIAL PARENT RECORD REQUEST

A parent who is separated, divorced, and/or not the student's residential parent is permitted access to any records under the same terms and conditions as the residential parent, provided that the parents are not subject to any parenting agreement or court order to the contrary.

STUDENT ILLNESS

When a student becomes ill at school, the parent will be notified to take the child home. If a student is suspected of having a communicable disease the School will requested the student see a physician for examination and recommendation for exclusion from school. Readmission may require a physician's statement. This procedure is to protect other individuals in the school from being exposed to the communicable disease.

A child who is ill will not perform well at school, and may be exposing the other students in the classroom. If any of these symptoms are present your child should not attend school: a fever of 100 degrees or greater, an undiagnosed rash, an earache or draining ear, diarrhea or vomiting, severe sore throat, persistent or severe cough, persistent or severe headache, or a known communicable disease. If your child is sent home with a fever of 100 degrees or greater, they must be fever-free without medication for 24 hours before returning to school.

Please call by 8:00 a.m. on days your child is ill. You may call before the office opens and leave a message. When reporting student absences, please report any of the following communicable diseases: chicken pox, conjunctivitis (pink eye), fifth disease, hepatitis, influenza (fever, upper respiratory infection, headache, and body aches), measles, mumps, meningitis, strep throat, lice, ringworm, and scabies. This information is helpful in the control of illness among students.

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

The Board of Directors ("Board") has adopted a policy to guide the use of Positive Behavior Interventions and Supports (PBIS), and the limited use of restraint and seclusion at the School. It is the Board's belief that every effort should be made to prevent the need for the use of restraint and for the use of seclusion. The use of a non-aversive effective behavioral system such as PBIS shall be used to create a learning environment that promotes the use of evidence-based behavioral interventions, thus enhancing academic and social behavioral outcomes for all students.

Restraint or seclusion shall not occur, except when there is an immediate risk of physical harm to the student or others, and shall occur only in a manner that protects the safety of all children and adults at school. Every use of restraint or seclusion shall be documented and reported in accordance with the Board adopted policy.

The PBIS prevention-oriented framework or approach applies to all students, all staff, and all settings. Research supports the conclusion that PBIS, when integrated with effective academic instruction, provides the support students need to become actively engaged in their own learning and academic success.

CHILD ABUSE AND NEGLECT

Every School official, School employee, or employee assigned to the School who knows or has reasonable cause to suspect based on facts that would cause a person in a similar position to suspect, that a student has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the student, shall immediately report that knowledge or suspicion, by telephone or in person, to the local children's services agency or local law enforcement agency. S/He shall also notify the Head of School of the suspected abuse or neglect.

FIELD TRIPS

Classes may take field trips from time to time during the school year. Field trips are approved on the basis of educational purpose and objectives. Parents are always informed of the details of the trips and parent permission slips go home to be signed. The teacher will take a copy of the emergency medical form with them on every field trip. If the permission slip is signed, but we do not have an emergency medical form on file for the child, the child will not be permitted to go on the trip. Parents/guardians please make sure that we have an up-to-date emergency form on file for each of your children at the School. Teachers, in advance of the field trip, may set up specific requirements (incentives) for the student to participate. Please be aware, that attending field trips outside of the classroom is a privilege not a right. **All permissions MUST be in writing. NO verbal permission will be accepted.**

VOLUNTEERS

The protection and well-being of students enrolled in the School is paramount. To that end, a background check may be required for volunteers depending upon their level of contact with students. Volunteers who have no disqualifying events will then be added to our list of volunteers.

RELEASE OF INFORMATION TO MILITARY RECRUITERS

Federal law requires local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone listings. Cleveland Preparatory Academy will provide the requested information to military recruiters unless a parent or guardian has advised, in writing, that they do not wish to have Cleveland Preparatory Academy release this information. If you do not want Cleveland Preparatory Academy to disclose directory information from your child's education records to military recruiters, you must notify Cleveland Preparatory Academy in writing

NOTIFICATION OF PESTICIDE APPLICATION

Parents/guardians may request prior notifications of the applications of pesticides which are scheduled for a time when school is in session. To request such advance notification contact the Head of School or school office.

TELEPHONE USE

No student will be permitted to use the school telephone unless it is an emergency. Forgetting homework or needed supplies is not considered an emergency. Please help your child be adequately prepared for school in the morning and talk over any needed messages or instructions for the day at this time. **Messages called in for students will be given at the last hour of the day. If it is an emergency the parent will be required to state the emergency situation.** Taking care of arrangements before your child comes to school will help eliminate the urgency of last minute messages called into the office. If a parent needs to make pick-up changes, please be sure to call the school office no later than 3:15 pm so we can get the message to the student before they leave the classroom for the day. Please aid us in this effort, as a large student population does not allow us to interrupt classes and give students personal messages.

SEARCH AND SEIZURE

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, School authorities may search the person or property, including vehicles, of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of School rules. The search of a student's person or intimate personal belongings shall be conducted by the Head of School or his/her designee. This person should be of the student's gender and conduct the search in the presence of another staff member of the same gender. However, no strip searches may be conducted by School personnel.

The School recognizes that the privacy of students may not be violated by unreasonable search and seizure and directs that no student be searched without reason or in an unreasonable manner.

The School acknowledges the need for in-School storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a School official. School lockers, desks, and property are on loan to the students and remain the property of the School. They may be inspected and reclaimed at any time. Students must open their lockers at the request of School officials. Students must not keep prohibited items, including drugs, drug paraphernalia, firearms, explosives, and property belonging to others within their lockers, backpacks or desks.

The Head of School is authorized to arrange for the use of a breath-test instrument for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the School has established a zero tolerance for alcohol use.

The School also authorizes the use of canines, trained in detecting the presence of drugs, when the Head of School or his/her designee has reasonable suspicion that illegal drugs may be present in the School. This means of detection shall be used only to determine the presence of drugs in locker areas and other places on School property where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or with organizations certified in canine detection and is not to be used to search individual students unless a warrant has been obtained prior to the search.

Students have no expectation of privacy with respect to the use of the internet, intranet or e-mail. Routine maintenance and monitoring of the School network system may lead to the discovery that a student has or is violating School policy or the law. Violations of School policy, the student code of conduct or the law may result in severe penalties, up to and including expulsion.

NOTICE OF NONDISCRIMINATION AND GRIEVANCE PROCEDURES INCLUDING TITLE II, TITLE VI, TITLE IX, SECTION 504 AND ADA

The School does not discriminate on the basis of religion, race, color, national origin, sex, disability or age in its programs, activities, or employment. The Board of Directors will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, gender identity, sexual orientation, genetic information or any other unlawful basis.

Further, it is the policy of the School to provide an equal opportunity for all students, regardless of race, color, creed, age, disability, religion, gender, ancestry, national origin, place of residence, or social or economic background, to learn through the curriculum offered in the School.

The following person has been designated to handle inquiries regarding the nondiscrimination policies of the School or to address any complaint of discrimination:

TITLE I PARENT INVOLVEMENT POLICY

The School has adopted a policy addressing the importance of parent involvement. In addition to existing policies and/or guidelines, the School also recognizes the need for a policy that meets requirements under Section 1118 of the Elementary and Secondary Education Act, as amended.

Parents are vital contributors in the education of their children. Accordingly, they are encouraged to participate in the development and structure of Title I activities and to be kept informed about programs in which their children belong. Moreover they are encouraged to be kept informed of the academic progress their children make as a result of participation in these programs. For it is through mutual understanding and close cooperation between the School and home, that a student's academic success will improve. Two-way communication, both verbal and written, provides a sound base for a good partnership between the school and home to provide an effective educational program for all students.

CHILD FIND POLICY

School districts across the state of Ohio are participating in an effort to identify, locate, and evaluate all children from birth through 21 years of age who may have disabilities. If you have or know of a child who may have a disability, contact the School for more information and help.

Disability, in this instance, means such conditions as hearing impairments, visual impairments, speech or language impairments, specific learning disabilities, emotionally disturbed, multiple disabilities, mental retardation, other health impairments, physical impairments, autism, and traumatic brain injury. Public schools have responded vigorously to federal and state mandates requiring the provision of a free appropriate public education regardless of a child's disability.

What will happen when you contact your local school?

The School will ask for information about the child, asking such questions as: What is the problem? What has already been done about the problem? What background information is available? This information may be collected in several ways including interviews, observation, screening, and testing. This information may be obtained from parents and the student, or from other agencies that have information about the student. This information will be used to decide whether the child has a disability and needs special services.

All information collected will be held in strict confidence and released to others only with parent permission or as allowed by law.

What are your rights as a parent?

Parents and students have rights in this process. Parents have the right to:

- Review their child's records;
- Refuse permission to release information (except as required by, or permitted by law to be released); and
- Request that information they believe to be inaccurate, misleading, or in violation of their child's privacy or other rights be changed. The school has a process to resolve disagreements about information collected.

The School's policies and procedures for special education are available. Contact the Head of School if you wish to review these procedures.

For more information on the rights of students with disabilities, please contact the Ohio Department of Education, or refer to the publication, A Guide to Parent Rights in Special Education: Special Education Procedural Safeguards Notice., available at www.ode.state.oh.edu.

ESEA NOTIFICATION

As a parent, you have the right to know the professional qualifications of the classroom teacher(s) who instruct your child. Specifically, you have the right to know whether your child's teacher has been licensed or certified by the Ohio Department of Education for the grades and/or subjects he or she teaches or if the Ohio Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under the state regulations because of special circumstances. You also can request such information as to the teacher's college major; whether the teacher has any advanced degrees, and if so, the subject(s) of the degrees. You may also ask if any teachers' aides who provide services to your child have the proper qualifications.

EDUCATION OF HOMELESS CHILDREN AND YOUTH

Children who meet the Federal definition of "homeless" will be provided a free and appropriate public education in the same manner as all other students of the School. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless and will be assigned to the school serving those non-homeless students residing in the area in which the homeless child is actually living. Pursuant to the School's Open Enrollment Policy, any homeless child in the State of Ohio is eligible to attend the School. No homeless student will be denied enrollment based on a lack of proof of residency. No Board policy, administrative guidelines, or practice will be interpreted or applied in such a way as to inhibit the enrollment attendance, or school success of homeless children.

Homeless students will be provided services comparable to other students in the School including:

- Transportation;
- Educational services for which the homeless student meets eligibility criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;

- Programs in vocational and technical education;
- Programs for gifted and talented students; and
- School nutrition programs.

MCKINNEY-VENTO HOMELESS CHILDREN AND YOUTH PROGRAM OVERVIEW

The Head of School shall serve as the School's local liaison for homeless children and youth. To the extent that the School receives assistance from the Federal Program for Education for Homeless Children and Youth, it shall comply with requirements to coordinate services for homeless students with local social service agencies and programs, including those funded under the Runaway and Homeless Youth Act.

PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA) NOTIFICATION

DESCRIPTION OF INTENT

The School follows a philosophy of continuous improvement and honest, objective data analysis. This philosophy requires well-planned and sometimes independent research efforts to determine the effectiveness of the School's programs and strategies. From time to time, the School will collect and analyze student performance data and various measures of effectiveness. In addition, families may be asked to participate in surveys or focus groups. Such research shall always be undertaken ensuring student privacy is protected and in compliance with the PPRA, as revised. For example, the names of the student, Parent/Guardian, and family members will not be revealed, and results will only be reported in the aggregate or by sub-groupings of sufficient size so that anonymity of the participants is safeguarded.

RIGHTS AFFORDED BY THE PPRA

The PPRA affords emancipated minors and students of age eighteen (18) and older (Eligible Students) and Parent/Guardians of minors certain rights regarding the School's conduct of surveys, collection and use of information for marketing purposes, and conduct of certain physical exams.  1. any other Protected Information Survey, regardless of funding

2. any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the School or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law
 3. activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others
- The right to inspect, upon request and before administration or use, of the following:

NOTIFICATION PROCEDURES

The School will work to develop and adopt policies regarding these rights in consultation with Parent/Guardian. The School will also work to make arrangements to protect student privacy in the administration of Protected Information Surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.

The School will directly notify the Parent/Guardian of these policies annually in this PPRA Notice or after any substantive changes. The School will also directly notify by U.S. mail, e-mail, or other reasonably available method Parent/Guardians of students who are scheduled to participate in the specific activities or surveys described in this PPRA Notice and will provide an opportunity for the Parent/Guardian to opt students out of participation of the specific activity or survey. The School will make this notification to Parent/Guardian near the beginning of the school year if it has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, the Parent/Guardian will be provided reasonable notification of the planned activities and surveys covered by the PPRA and will be provided an opportunity to opt their students out of such activities and surveys. ANTI-HARASSMENT, ANTI-INTIMIDATION AND ANTIBULLYING POLICY

Please see the Anti-Harassment, Anti-Intimidation and Antibullying Policy attached hereto as Exhibit A.

ANTI-HAZING POLICY

The School prohibits all acts of hazing. Hazing, like other violent and disruptive behaviors, is conduct that disrupts both a student's ability to learn and the School's ability to educate its students in a safe and civil environment.

Hazing or hazing activity means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. For purposes of this Anti-Hazing policy, mental harm means mental stress, anxiety, physical injury, sickness, injury to feelings, humiliation, mental anguish, and/or depression, connected to and arising from the hazing activity. Permission, consent or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

Hazing activities of any type are inconsistent with the educational process and are prohibited at all times, regardless of whether the activity occurs on or off of property owned, used or controlled by the School, so long as the hazing activity is in any way connected to the activities or incidents that have occurred on property owned, used or controlled by the school. This policy will be actively enforced at all times.

No student, including leaders of student organizations, may plan, encourage or engage in any hazing activity. Students having engaged in hazing activity and who fail to abide by this policy are subject to disciplinary action including suspension, expulsion, removal or permanent exclusion as set forth elsewhere in this policy manual, and may be liable for civil and criminal penalties pursuant to State law.

Staff is to be particularly alert to possible conditions, circumstances or events, which might include hazing. If hazing or planned hazing is discovered, involved students are informed by the discovering Staff member of the prohibition contained in this policy and are required to end all hazing activities immediately. All hazing incidences are reported immediately to the Head of School or his/her designee.

No staff shall encourage, permit, condone or tolerate any hazing activities, and staff who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties pursuant to State law.

GANG ACTIVITY

The Board believes gangs or gang activity create an atmosphere that seriously disrupts the educational process.

Students are prohibited from engaging in gang activities while at School, on School property, or at School-sponsored events.

As used herein the term “gang” means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity.

The term “gang activity” shall mean any conduct engaged in by a student 1) on behalf of any gang; 2) to perpetuate the existence of any gang; 3) to effect the common purpose and design of any gang; or 4) to represent a gang affiliation, loyalty or membership in any way while on School grounds or while attending a School function. These activities include recruiting students for membership in any gang and threatening or intimidating other students or employees to commit acts or omissions against his/her will in furtherance of the common purpose and design of any gang.

A violation of this policy is grounds for suspension or expulsion from School.

TOBACCO-FREE ENVIRONMENT

To protect the health of students and employees, and in accordance with state law, the use of tobacco shall be prohibited on all school property and at any activity supervised by the School. The use of vaporizers and e-cigarettes are also prohibited.

NONDISCRIMINATION POLICY

The School will not tolerate harassment against any staff member or student on the basis of sex, race, color, national origin, religion, age, disability, sexual orientation, status as a Vietnam veteran, military status, or on any other basis prohibited by federal, state or local law. Any parent or student may file a complaint with the Head of School.

DISCIPLINE

It is generally recognized that in order for each child to receive the maximum educational benefit, proper order and discipline must exist. A referral form is used when a student is sent to the office. A copy of the form is retained by the Head of School, one copy is placed in the student’s personal file and the other copy is sent home either with the student or through the mail. Often times a phone call to the parent will also be placed in order that all parties are informed.

Our staff recognizes that student motivation and participation contribute to good student discipline. We offer many positive incentive programs on a school wide basis and also in each

individual classroom. We attempt to make school rules clearly recognizable and understood by all students. Special days and events are held to re-emphasize these rules.

At Cleveland Preparatory Academy, we make a pledge to explore many avenues and intervention techniques to control student behavior. These include but are not limited to, phone calls to parents/guardians, removal from class or group, positive reinforcement, rewards, penalties, taking away of privileges, keeping a student after class (detention), referral to the office, Saturday School and in cases where other methods have been unsuccessful, suspension or expulsion.

OUT-OF-SCHOOL SUSPENSION

Out-of-school suspension is removal of a student from school for a period of one to ten days. While students are suspended from school, they shall be afforded the opportunity to receive all of their homework assignments. Any assignments that are missed due to a suspension will be reduced by a letter grade when completed. During suspension, students are not permitted to participate in extracurricular activities or be on any school property.

The Head of School, assistant Head of School or Head of School designee may suspend a student. Prior to suspending a student, the Head of School, assistant Head of School or Head of School designee must do both of the following:

1. Give written notice of the intention to suspend and the reasons for the intended suspension to the student. If the proposed suspension is based on a violation listed in Ohio Revised Code Section 3313.662(A) and the student is sixteen years of age or older, the notice must contain a statement that the School may seek to permanently exclude the student if the student is convicted of or adjudicated a delinquent child for that violation; and
2. Provide the student an opportunity to appear at an informal hearing before the Head of School, assistant Head of School or Head of School designee and challenge the reasons for the intended suspension or otherwise explain. The hearing can happen immediately and can happen anywhere - the hall, office, classroom, etc.

Within one school day after the time of the student's suspension, the Head of School, assistant Head of School or Head of School designee shall also provide written notice of suspension to the parent/guardian of the student and the treasurer of the Board of Directors. The notice shall contain:

1. The reasons for the suspension;
2. Notice of the right of the student, or student's parent/guardian/custodian to appeal to the Board of Directors designee;
3. Notice that the student/parent/guardian/custodian has the right to be represented in all appeal proceedings;
4. Notice of the right to be granted an appeal hearing before the Board of Directors or the Board's designee to be heard against the suspension;
5. Notice of the right to request that the hearing be held in executive session;
6. Notice that the School may seek the student's permanent exclusion if the suspension was based on a violation listed in Ohio Revised Code Section 3313.662(A) that was committed when the student was sixteen years of age or older and if the student is convicted of or adjudicated a delinquent child for that violation; and
7. The date and manner by a student or parent/guardian/custodian may notify the Board of Directors of their intent to appeal the suspension. If the student or

parent/guardian wishes to appeal the suspension, the request must be submitted, in writing, to the Head of School within five (5) school days of the written notice of suspension. The Head of School shall immediately forward this written appeal to the Board of Directors and Board of Directors' appeal hearing designee.

If there are fewer than ten school days remaining, the out-of-school suspension may not be applied to the following school year, but the school leader may require the student to participate in a community service program or other alternative consequences for a number of hours equal to the remaining period of the suspension.

EXPULSION

Except as specifically provided for by statute, the Head of School may expel a student for a period not to exceed the greater of 80 school days or the number of days remaining in the semester or term in which the offense leading to expulsion took place. Students expelled from the school are not permitted to participate in extracurricular activities or be on any school property. Expulsions may extend into the following school year.

Only the Head of School may expel a student. No student shall be expelled unless prior to the expulsion, the Head of School does both of the following:

1. The Head of School shall give the student and parent, guardian or custodian written notice of the intention to expel the student and the reasons for the intended expulsion. The notice shall include the reasons for the intended expulsion, notification of the right of the student, guardian, custodian or their representative to appear before the Head of School or his/her designee to hear and to challenge the reasons for the intended expulsion or otherwise to explain the student's actions, and the notification of the time and place to appear. The time to appear shall not be sooner than three (3) nor later than five (5) school days after the notice has been given unless the Head of School grants an extension of time at the request of the student, his/her guardian, custodian, or representative. If an extension of time is granted, the Head of School shall notify the student and his/her parent, guardian, custodian, or representative of the new time and place to appear. If the proposed expulsion is based on a violation listed in Ohio Revised Code Section 3313.662(A) and the student is sixteen years of age or older, the notice must contain a statement that the Head of School may seek to permanently exclude the student if the student is convicted of or adjudicated a delinquent child for that violation.
2. Provide the student and parent, guardian, or custodian an opportunity to appear in person before the Head of School or the Head of School's designee to challenge the reason for the intended expulsion or otherwise to explain the student's actions.

Within one school day after the time of the student's expulsion, the Head of School shall also provide written notice of expulsion to the parent/guardian of the student and the treasurer of the Board of Directors. The notice shall contain:

1. The reasons for the expulsion;
2. Notice of the right of the student, or student's parent/guardian/custodian to appeal to the Board of Directors designee;
3. Notice that the student/parent/guardian/custodian has the right to be represented in all appeal proceedings;
4. Notice of the right to be granted an appeal hearing before the Board of Directors or the Board's designee to be heard against the expulsion;
5. Notice of the right to request that the hearing be held in executive session;

6. Notice that the School may seek the student's permanent exclusion if the suspension was based on a violation listed in Ohio Revised Code Section 3313.662(A) that was committed when the student was sixteen years of age or older and if the student is convicted of or adjudicated a delinquent child for that violation and that the expulsion may be extended if a juvenile court or criminal proceeding regarding such violation is pending at the time the expulsion terminates; and
7. The date and manner by a student or parent/guardian/custodian may notify the Board of Directors of their intent to appeal the expulsion. If the student or parent/guardian wishes to appeal the expulsion, the request must be submitted, in writing, to the Head of School within fourteen (14) calendar days of the written notice of expulsion. The Head of School shall immediately forward this written appeal to the Board of Directors and Board of Directors' appeal hearing designee.

If the Head of School expels a student for more than twenty school days or for any period of time if the expulsion will extend into the following semester or school year the notice shall provide the student and the student's parent, guardian, or custodian with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitudes and behavior that contributed to the incident that gave rise to the student's expulsion. The information shall include the names, addresses, and phone numbers of the appropriate public and private agencies.

An expelled student will be provided with a date for re-entry and the date for the re-entry conference. The expelled student, and parent or guardian of the student must be present in the re-entry conference. The student and parent or guardian of any student will be notified in the event that the student fails to attend the re-entry conference.

Expulsion proceedings will be pursued against a student who has committed an act warranting expulsion even if the student has withdrawn from school for any reason after the incident giving rise to the hearing, but before the hearing or decision to expel. If after the hearing, the student would have been expelled for a period of time had the student remained in school, the expulsion will be for the same length of time as on a student who has not withdrawn from school.

WEAPONS - EXPULSION

A student must be expelled for one year for:

1. Bringing a firearm to the School or onto School Property (any Property owned, used, or leased by the School for school, school extra-curricular activities or school related events).

A student may be expelled for one year for:

- Bringing a firearm or look alike to an interscholastic competition, an extracurricular event, or any other school program or activity that is not located at the School or on School Property.
- Possessing a firearm or look alike at School, on School Property, or at an interscholastic competition, an extracurricular event or any other school program or activity which firearm was initially brought onto the property by another person.
- Bringing a knife to School, onto School Property, an interscholastic competition, an extracurricular event, or any other program or activity sponsored by the school or which the school is a participant.

- Possession of a knife at School, on School Property, or at an interscholastic competition, an extracurricular event, or any other program or activity sponsored by the School or which the school is a participant which knife was initially brought onto the property by another person.
- Committing an act while at School, on School Property, at an interscholastic competition, an extracurricular event, or any other School program or activity that is a criminal offense when committed by an adult that results in serious physical harm to persons or serious physical harm to property.
- Making a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat.

Firearm has the same meaning as provided pursuant to the "Gun Free Schools Act of 1994". At the time this policy was adopted, the above-referenced statute defined a firearm as any weapon (including a starter's gun) which will or is designed to or may readily be converted to expect a projectile by the action of an explosive; including the frame or receiver of any such weapon; and any firearm muffler or silencer; or any destructive device. If the definition of a firearm as provided by the "Gun Free Schools Act of 1994" changes, then the definition set forth in this policy shall automatically change to conform to it.

Knife is defined as cutting instrument consisting of a sharp blade or edge, not to include scissors, wire cutters, or other similar tools determined by Head of School(s) to be necessary in the school setting at a particular building or grade level, if used only for the necessary purpose.

The specific circumstances under which the Head of School may, in his/her discretion, reduce a one year expulsion may include: the student was unaware that he/she brought or was in possession of a firearm or knife capable of causing serious bodily injury; the student legitimately did not understand that the item he/she brought or possessed was a firearm or knife capable of causing serious bodily injury; a recommendation from qualified individuals concerning circumstances that justifiably mitigate the student's culpability.

DISABILITIES COMPLIANCE

The School will comply with all laws and regulations presented in the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973 and the Individual with Disabilities Education Improvement Act of 2004. Discipline procedures for students having a disability, will follow the procedures outlined in the Individuals with Disabilities Education Improvement Act of 2004 or such successor or replacement law.

REMOVAL FROM SCHOOL

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, the student can be removed from school without prior notice and hearing. Written notice of the removal and the hearing, which must be held within one (1) school day of the student's removal, shall be provided as soon as practicable. Students are to remain home during school hours and not attend/participate in school sponsored function(s) pending the hearing. Should an out-of-school suspension be warranted, days of removal will be applied to the days of out-of-school suspension.

A student in grades pre-kindergarten to three student may only be removed for the remainder of the school day and will be permitted to return to school and participate in extracurricular activities the following day. In this case, the school may forego the written notice and one-day post-removal hearing requirements.

The school may not initiate suspension or expulsion proceedings against a student in grades pre-kindergarten to grade three who was removed as an emergency removal unless the student has committed an act that could result in a one-year expulsion under the Weapons Expulsion rules, described above, or as necessary to protect the immediate health and safety of the student, the student's fellow classmates, the classroom staff and teachers, or other school employees.

Students are to remain home during school hours and not attend/participate in school sponsored function(s) pending the hearing. Should an out-of-school suspension be warranted, days of removal will be applied to the days of out-of-school suspension

SUSPENSION, EXPULSION, REMOVAL FROM BUS

The Head of School or a designee is authorized to suspend or remove students from school bus riding privileges. Immediate removal of a student from transportation is authorized. A student immediately removed from transportation must be given notice as soon as practicable of a hearing which must be held within seventy-two hours of the removal. The notice shall also include the reason for removal. Immediate removal is authorized when the student's presence poses a danger to persons or property or a threat to the safe operation of the school bus. Length of time removed from ridership shall be in accordance with policies of the school bus owner. School bus drivers shall report in writing to the appropriate Head of School all rule violations or conduct that justify immediate removal, suspension or expulsion. Suspension or immediate removal of preschool and special needs children may require a modification of the above procedures and shall be accomplished in accordance with the law.

STUDENT CODE OF CONDUCT

All students are expected to conform to the Student Code of Conduct and are subject to the School's disciplinary process when they fail to do so. The Code of Conduct applies to any behavior that occurs: on school grounds; off school grounds at any school activity, function, or event; traveling to and from school or school activities on school transportation; or via the internet to the extent it affects the learning environment.

Progressive disciplinary options such as those listed below, may be used by the Head of School and staff. THE FAMILY EDUCATION RIGHTS AND PRIVACY ACT OF 1974 (FERPA) RIGHT TO INSPECT AND AMEND EDUCATIONAL RECORDS

FERPA affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the Head

of School [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. If copies are requested, the School may charge the requesting party reasonable copying costs. Parents/Guardians and Students possess the right to request and receive from the School the following: (1) an explanation of information in the student's education records; (2) a copy of all or part of the student's education record; and (3) a list of the types and locations of the student's education records collected, maintained, or utilized by the School.

1. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the Head of School [or appropriate official], clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
2. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School in an administrative, supervisory, academic or support staff position, including but not limited to, Accel, management company/operator employees; a member of the school law enforcement unit, which consists of the Head of School; a person with whom the School has contracted to perform a special task (i.e. Attorney, auditor, outside consultant); a person serving on the Board. A School official has a "legitimate educational interest" in an education record when the official needs to review the record in order to fulfill his or her responsibility on behalf of the School, such as when the official is performing a task that is specified in his or her job description or by a contract agreement or other official appointment; performing a task related to a student's education; performing a task related to the discipline of a student; or providing a service or benefit relating to the student or student's family, such as health care, counseling, assisting with the college application procedure; any other purpose that the Board deems necessary as related to a student's education. Upon request, the School discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll.
3. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

**Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901**

4. The school intends to forward any and all education records to another school or post-secondary institution at which the students seeks or intends to enroll, upon the condition that the student's parents be notified of the transfer, receive a copy if so desired, and have an opportunity for a hearing to challenge the content of the record.

The Family Educational Rights and Privacy Act of 1974 (FERPA) protects the privacy of students' education records. Under FERPA, most information about our students cannot be made public without the consent of parents/guardians. However, if the School designates information as directory information, FERPA allows the release of student directory information unless the student's parent(s)/guardian(s) inform the School in writing not to release such information.

The School must choose one of the following options and mark appropriate lines with an "X".

This School:

_____ HAS NOT designated any personally identifiable information as directory information and will not include such information in school publications, recognition lists, programs or student directories or give such information to third parties without parental consent

OR

 X HAS designated the following information as directory information:

student name _____

Designated directory information can be disclosed to outside organizations unless parent(s)/guardian(s) have advised the School that they do not want their student's information disclosed without their prior approval.

If you do NOT want the School to disclose directory information from your child's education records without your consent, you must notify us in writing within ten days of your receipt of this notice.

The form below may be utilized for that purpose. If the School has not designated directory information, no directory information will be

Released (see above).

Please do not make available my student's directory information without my prior written permission.

From time to time, policies, rules and regulations may be changed. EXHIBIT A

I. Introduction

It is the policy of the School that any form of Bullying behavior, whether in the classroom, on school property, including, without limitation, school buses, to and from school, at School-Sponsored Events, or via Electronic act (defined as an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device) is expressly forbidden. Periodically, the School shall review the policy and consult with parents, school employees, school volunteers, students and community members regarding necessary revisions.

- A. Students who have been determined to have engaged in prohibited behaviors are subject to disciplinary action, which may include suspension or expulsion from school. The School's commitment to addressing such prohibited behaviors, however, involves a multifaceted approach, which includes education and the promotion of a school atmosphere in which Harassment, Intimidation or Bullying will not be tolerated by students, faculty or school personnel.
- B. It is imperative that Harassment, Intimidation, or Bullying be identified only when the specific elements of the definition are met because the designation of such prohibited incidents carry special statutory obligations. However, misconduct by one student against another student, whether or not appropriately defined or not, will result in appropriate disciplinary consequences for the perpetrator.

II. Definition of Harassment, Intimidation or Bullying

- A. "Harassment, Intimidation or Bullying" means either of the following:
 - 1. Any intentional written, verbal, graphic, physical or Electronic act that a student or group of students exhibits toward another particular student more than once and the behavior both:
 - a. Causes mental or physical harm to the other student; and
 - b. Is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.
 - 2. Violence within a dating relationship.
- B. In evaluating whether conduct constitutes Harassment, Intimidation or Bullying, special attention should be paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim and whether the victim's reaction was reasonable or foreseeable under the circumstances, and the perpetrator's motivation, either admitted or appropriately inferred.

- C. A School-Sponsored Event shall mean any activity conducted on or off school property (including school buses and other school-related vehicles) that is sponsored, recognized or organized by the School or on behalf of the School.

III. Types of Conduct

- A. Harassment, Intimidation or Bullying can include many different behaviors including overt intent to ridicule, humiliate or intimidate another student or school personnel. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:
1. Physical violence and/or attacks;
 2. Threats, taunts and intimidation through words and/or gestures;
 3. Extortion, damage or stealing of money and/or possessions;
 4. Exclusion from the peer group or spreading rumors; and
 5. Repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other Web-based/online sites (also known as “cyber bullying”), such as the following:
 - (a) Posting slurs on Web sites where students congregate or on Web logs (personal online journals or diaries);
 - (b) Sending abusive or threatening instant messages or email;
 - (c) Using camera phones to take embarrassing photographs of students and posting them online or sending them to third parties; and,
 - (d) Using Web sites to circulate gossip and rumors to other students; and
 - (e) Excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

IV. Publication of Policy

- A. Publication of the prohibition against Harassment, Intimidation and Bullying and related procedures.
1. The prohibition against Harassment, Intimidation or Bullying shall be publicized in any student handbooks and in any of the publications that set forth the comprehensive rules, procedures and standards of conduct for schools and students in the School. In addition, information regarding the policy shall be incorporated into employee training materials.
 2. At least once each year, a written statement in substantially the same form as the Annual Notice attached hereto as Exhibit A, describing the

policy and the consequences for violations of the policy must be sent to each student's custodial parent or guardian. The statement may be sent with regular student report cards or may be delivered electronically.

V. Complaints

A. Written Complaints

Students and/or their parents or guardians may file reports regarding suspected Harassment, Intimidation or Bullying. Such written reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected Harassment, Intimidation and/or Bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building Head of School for review and action in accordance with this policy.

B. Verbal Complaints

Students, and or their parents or guardians may make verbal complaints of conduct that they consider to be Harassment, Intimidation and/or Bullying by verbal report to a teacher, school administrator, or other school personnel. Such verbal complaints shall be reasonably specific as to the actions giving rise to the suspicion of Harassment, Intimidation and/or Bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s), and the names of any potential student or staff witness. A school staff member or administrator who receives a verbal complaint shall promptly document the complaint in writing, including the above information. This written report by the school staff member and/or administrator shall be promptly forwarded to the building Head of School for review and action in accordance with this policy.

C. Protection of Person Filing Complaint

Individuals who make complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The complaints shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of Harassment, Intimidation and/or Bullying.

D. False Complaint

It is a violation of this policy and procedure to knowingly report false allegations of Harassment, Intimidation, and/or Bullying. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

VI. School Personnel Responsibilities

A. Teachers and Other School Staff

1. Teachers and other school staff, who witness acts of Harassment, Intimidation or Bullying, as defined above, shall promptly notify the building Head of School and/or his/her designee of the event observed, and shall promptly file a written, incident report concerning the events witnessed. Teachers and other school staff who receive student or parent reports of suspected Harassment, Intimidation, and Bullying shall promptly notify the building Head of School and/or his/her designee of such report(s). If the report is a written complaint, such complaint shall be forwarded promptly (no later than the next school day) to the building Head of School or his/her designee. If the report is a verbal complaint by a student that is received by a teacher or other professional employee, he or she shall prepare a written report of the verbal complaint which shall be promptly forwarded (no later than the next school day) to the building Head of School or his/her designee.

2. In addition to addressing both written and verbal complaints, school personnel are encouraged to address the issue of Harassment, Intimidation or Bullying in other interactions with students. School personnel may find opportunities to educate students about Harassment, Intimidation and Bullying and help eliminate such prohibited behaviors through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating or intimidating another student/school personnel, even if such conduct does not meet the formal definition of "Harassment, Intimidation or Bullying."

B. Administrator Responsibilities

1. Investigation
 - (a) The Head of School and or his/her designee shall be promptly notified of any written or verbal complaint of suspected Harassment, Intimidation or Bullying. Under the direction of the building Head of School or his/her designee, all such complaints shall be investigated promptly. A written report of the investigation shall be prepared when the investigation is complete. Such report shall include findings of fact, a determination of whether acts of Harassment, Intimidation or Bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

 - (b) Notwithstanding the foregoing, when a student making a verbal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the

anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

2. Remedial Actions

- (a) Verified acts of Harassment, Intimidation, or Bullying shall result in an intervention by the building Head of School or his/her designee that is intended to ensure that the prohibition against Harassment, Intimidation or Bullying behavior is enforced, with the goal that any such prohibited behavior will cease.
- (b) Harassment, Intimidation and Bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of Harassment, Intimidation and Bullying. While conduct that rises to the level of Harassment, Intimidation or Bullying, as defined above will generally warrant disciplinary action against the perpetrator of such prohibited behaviors whether and to what extent to impose disciplinary action (detention, in and out-of-school suspension; or expulsion) is a matter for the professional discretion of the building Head of School.

VII. Reporting Obligations

A. Report to the Parent or Guardian of the Perpetrator

If after investigation, acts of Harassment, Intimidation and Bullying by a specific student are verified, the building Head of School or his/her designee shall notify in writing the parent or guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in such notification.

B. Reports to the Victim and his/her Parent or Guardian

If after investigation, acts of Harassment, Intimidation and Bullying against a specific student are verified, the building Head of School or his/her designee shall notify the parent or guardian of the victim of such finding. In providing such notification, care must be taken to respect the statutory privacy rights of the perpetrator of such Harassment, Intimidation and Bullying.

C. List of Verified acts of Harassment, Intimidation or Bullying

1. The School Head of School/administrator shall semiannually provide the president of the School board a written summary of all reported incidents and post the summary on the district Web site, if one exists. The list shall be limited to the number of verified acts of Harassment, Intimidation and Bullying, whether in the classroom, on school property, to and from school, at school-sponsored events or via Electronic act.
2. This policy shall not be interpreted to prohibit a reasonable and civil exchange of opinions or debate that is conducted at appropriate times and places and is protected by State or Federal Law.

VIII. Police and Child Protective Services

Allegations of criminal misconduct will be reported to law enforcement, and suspected child abuse must be reported to Child Protective Services, per required timelines. The School must also investigate for the purpose of determining whether there has been a violation of the School Policy or Procedure, even if law enforcement or CPS is also investigating. All School personnel must cooperate with investigations by outside agencies.
