

CLEVELAND PREPARATORY ACADEMY

October 19, 2020

Dear Cleveland Preparatory Academy Families,

We are thrilled at the academic and social success of all of our scholars with the beginning of the school year. As we continue moving forward, we will continue to be relentless with holding high academic expectations for all scholars, which means we will need to continue our collaboration and communication.

In September, all students in grades Kindergarten through Third were given the iReady Reading Diagnostic Assessment as required by the Ohio Department of Education. This assessment allows the school and the State to gather important information regarding the achievement and ability of our students in the area of reading.

i-Ready Diagnostic	Grade Level	On-Track Score
	K	332
	1	378
	2	440
	3	495

After obtaining the results of this assessment, we will be creating Reading Improvement Monitoring Plans (RIMP) for all of our students to ensure we are monitoring their progress and success. Based on the results, your student will be identified as On-Track (OT) or Not on Track (NT). As part of the plan, your child will be receiving a minimum of 90 minutes of reading instruction and services per day including instruction in decoding, fluency and comprehension. Your child will receive small group instruction and remedial instruction during school day provided by his/her certified classroom teacher. We can provide suggestions of additional services you may wish to obtain outside of school for assistance with reading for your child. Please contact us directly if you are interested in obtaining this information.

We will continue to monitor your child's progress and keep in communication with you. Please be informed that in accordance with ORC 3313.608(B)(2)(a) any student that has been identified as being *not-on-track* and has not attained the appropriate level of reading by the end of this school year may be retained in their current grade level.

We appreciate your understanding and look forward to your continued support. Below you will find contact information to help foster effective communication.

Yours in Education,

CLPA Leadership Team
