

CLEVELAND PREPARATORY ACADEMY

Greetings Cleveland Preparatory Academy Families!

Welcome to a new school year, one filled with the promise of new programming to enhance excitement for learning! I hope everyone had a safe and enjoyable summer. As Leadership of Cleveland Preparatory Academy, we are devoted to our mission of developing young people who are prepared to attend, be successful at and graduate from a four-year college or university. Families, we need you to be active participants in your scholar's path to success. We are in this together. We need you to engage in discussions with your young adult regarding overall academic and behavioral progress and help them to understand how their decisions impact their futures. To assist you with these extremely important conversations, you can expect the following from us:

- Two progress reports monthly,
- Emails and/or frequent phone calls from teachers and leaders to discuss student progress,
- Scheduled parent-teacher conferences, both face-to-face and over the phone if necessary, and
- Parent universities during which we will have the opportunity to address everything from organization and study skills to among many other relevant topics.

Our goal is to keep all families well informed of scholar progress and opportunities for participation in school events. Again, we believe family involvement is essential to ensuring that our school continues to grow as a progressive center for learning.

The entire CLPA leadership team has been working tirelessly, planning many new learning experiences for our scholars. We will continue to build on our successes from last year in an effort to increase student achievement and ultimately reach our goal of excellence. Families, I know working as a team; **WE CAN** and **WE WILL** overcome any challenges that may arise because **WE ARE FIRED UP AND READY TO GO!**

Yours in Education,

Robert Williams
